

SCHOOL ENROLMENT ELIGIBILITY DETERMINATION effective from 1 January 2009

To be eligible to enrol in Prep your child must turn 5 by 30th June in the year of attendance in Prep.

Birth Date Range	Year Eligible to Start Prep
1 July 2009 - 30 June 2010	2015
1 July 2010 - 30 June 2011	2016
1 July 2011 - 30 June 2012	2017
1 July 2012 - 30 June 2013	2018

If numbers applying for enrolment exceed our capacity to cater for these children, preference will be accorded in order of the following criteria, subject to the provision of a Baptismal certificate:-

- Siblings of students attending Christ the King School School
- Children of members of Corinda-Graceville Catholic Parish
- Other Catholic children
- Non-Catholic children living in the Parish area
- Non-Catholic children beyond the Parish area

Enrolment processes at Christ The King School should provide the maximum opportunity for potential students to be accepted at the school. These processes should be coordinated with those of St Joseph's School to ensure that students who are unsuccessful with their enrolment application at one school are, wherever possible, offered a place at the alternative school within the parish.

The Principal may consider other factors (such as the date of receipt) in determining enrolment offers. At all times, the Principal has the right to refuse an enrolment if it seems the school would be unable to meet the needs of the child or if other criteria as set by the Catholic Education Council cannot be satisfied.

POLICY STATEMENT:

Christ the King Primary School is a community of children, parents and staff within the Corinda-Graceville Parish, which also includes St Joseph's School.

Christ the King School is an inclusive school where enrolment is open to Catholic, and where possible, Non-Catholic children. Our enrolment capacity is determined by our physical resources and our capacity to cater for the holistic education of each child.
